# Coverage that keeps you well and costs you less

## Harbor Health Individual and Family Plan

Wouldn't it be great if health insurance actually kept you healthy?

Here at Harbor Health we think so, too.

But...we may be a little biased.

That's because Harbor Health didn't start out as a health insurance company. We started out by delivering health care—right from our own clinics.

Before long, we felt limited by traditional health plans: confusing, expensive coverage that gets in the way of health instead of truly fostering it.

So, we decided to make our own health plan—designed by Austin's leading doctors and health care innovators to keep our members on the smartest path to health, for way less.

The result? A new kind of plan that brings care and coverage together.

We hope you'll love it as much as we do.

## This plan has some serious perks:

---

**Low cost visits to  
Harbor Health clinics**

---

**Low cost generic prescriptions**

---

**Same-day and next-day appointments  
at Harbor Health clinics**

---

**Your own dedicated Health Team**

---

# Primary care team

With this plan, you can see any network provider who participates in the Harbor Health Individual and Family Network and receive coverage for covered health services.

However, we strongly recommend selecting a primary care physician.

When you select a primary care physician, you will also have access to a broader health care team that may include other medical professionals such as a registered nurse, dietician, health care coach, and others depending on your health care needs.

This is called the Primary Care Team. Your Primary Care Team is your first point of contact for non-emergency, general health concerns.

They can help evaluate your current symptoms or diagnosis and guide you toward the appropriate next steps.

Your Primary Care Team can also help you select a provider if you need to be treated by a network specialist or other network provider and help you navigate the health care system overall.

## Harbor Health service area: Fort Bend and Brazoria Counties

Harbor Health has clinics across Fort Bend and Brazoria Counties, but your medical plan covers care at hundreds of facilities. Your Harbor Health plan gives you access to the care you need, when and where you need it.

# Your Member ID Card

After you enroll in your Harbor Health medical plan, you and your covered dependents will each receive a Harbor Health Member ID Card. It conveniently captures all of your plan's important information.

We recommend carrying it with you at all times—you never know when you might need it!

## Your ID Card

3-10 business days after enrollment, you will receive your Harbor Health ID Cards in the mail.
